

**ICOMM -2011**  
**March 7 – 10, 2011**  
**Tokyo, Japan**

December 2010

I am Kuniaki Dohda, Professor of the Department of Engineering Physics, Electronics & Mechanics (TUKURI) at the Nagoya Institute of Technology and the Chair of the 6<sup>th</sup> International Conference on MicroManufacturing (ICOMM/2011), to be held on the Tokyo Denki University campus in Tokyo, Japan on MARCH 7 - 10, 2011. I would like to invite you to participate in this great event as a sponsor.

This conference is organized by the International Conference on MicroManufacturing (ICOMM) bringing together the worldwide community of micro-manufacturing experts. This forum is designed to disseminate the most recent results in micro-manufacturing research and development through technical papers (*i.e.*, presentations) and panel sessions. We are expecting approximately 150 attendees, including 30 graduate students and 60 researchers from overseas.

Sponsorship of ICOMM/2011 has many benefits. You will:

- make a lasting impression on potential future customers and employees (graduate students),
- receive one or more free registrations,
- have your organization's name (logo) prominently displayed: (and linked) on the conference website, on signage at the conference, and in the program brochure and conference proceedings that are distributed to all attendees,
- receive a reserved table at the Tuesday (3/8/2011), and
- receive special recognition at events that you sponsor (*e.g.*, lunch, banquet, etc.)

At the **Diamond level of \$5,000**, a sponsor will receive three free registrations, an exposition table, be announced at major events (*i.e.*, keynote talks, banquet, etc.), and may select to be the sponsor of one of the following events: opening reception, banquet, exposition, breakfasts, breaks, lunches, or conference totes.

At the **Platinum level of \$3,000**, a sponsor will receive two free registrations, an exposition table, and may select one of the following events to sponsor: opening reception, banquet, exposition, breakfasts, breaks, lunches, or conference totes.

At the **Gold level of \$1,500**, a sponsor will receive one free registration and select one of the following events to sponsor: registration welcome table, breakfast, breaks, lunch, or conference totes.

**The deadline for expressing your interest in sponsoring the event and participating in the exhibition is the middle of January. If you would like to know about the conditions of the exhibition, please do not hesitate to contact us.**

Sincerely,

Kuniaki Dohda
